

Monaco F1 Weekend Tour

6 days/ 5 nights

Dates: Wednesday 24th – Monday 29th May 2023

TOUR SHEET

This is a small group tour comprising of talented hair and makeup artists personally selected by Global Hair & Makeup Director, Liz Bomben. This small group of artists will travel to Nice and join Liz during one of the most exciting events of the year - the Monaco Formula 1 Grand Prix.

Global Hair & Makeup will provide a beauty service at several venues including a yacht and the former home of the Singer family, now known as the Princess Grace Dance Academy. The Princess Grace Dance Academy is totally transformed into a private club for the F1 weekend with music, wellness and hospitality making it one of the exclusive locations in Monaco to watch the race. Guests attending the Dance Academy come from far and wide & enjoy a range of services including access to Global Hair & Makeup's Beauty Bar where several of our talented artists showcase their skills and expertise by providing hair and makeup makeovers for ladies. While the champagne flows and Monaco comes alive with the sounds of the F1 engines, the ladies will be kicking back and in the hands of our brilliant artists who will glam them up.

This tour is about providing you with an international experience that you may not normally have access too. You will be guided by Global Hair & Makeup's Creative Director, Liz Bomben and be part of my elite team during the Monaco Formula 1 weekend. Based on your talent, you will use your own judgement & skills in creating looks for the clients who will sit in your chair. It's a beautiful environment with a relaxed atmosphere.

Currently we are committed to both days of the F1 weekend being Saturday & Sunday. Being a small team, we have the flexibility to take up other opportunities if they present themselves.

The tour is 6 days/5 nights which will allow enough time to enjoy the famous French Riviera. We always have time to enjoy each other's company, have dinners together and share stories.

Our team will meet near Nice and stay together for the duration of the tour. This is a highly valuable part of the tour because not only do you develop friendships with other team members but you'll have the chance to share ideas and discuss techniques which is highly valued.
